

ROLES AND RESPONSIBILITIES OF “H3” MISMANAGEMENT

1) GRAND MASTER (GM)/HASH MASTER (HM)

The head (who said head?). The chairman of the board. The big cheese. The Head Modafucka In Charge. The Guiding Light of Gispert's Legacy. The GM/HM is not simply a figurehead for the Hash, but rather he (or she) personifies the Hash's character (or lack thereof.) He leads with a dynamic strength that permeates the fabric of the organization. Both directly, and through his officers, he gives inspiration, direction and vision to all.

2) RELIGIOUS ADVISOR (RA)

Keeper of the Faith. Enforcer of the Scriptures. This is the Hasher who has seen the light (often after drinking a beer or more) and can taste in his soul the true spirit of Hashing. The Religious Advisor spreads the word and inspires the zest and zeal of the Hash in all participants. Any Hasher found transgressing the spirit of Hashing is disciplined by the RA. He is the keeper of the sacred Laws and Traditions of Hashing – and comes up with sufficiently plausible lies to cover any serious questions of appropriateness.

3) MASTER OF MUSIC (MOM)

This is a Hasher with no self-respect who never lacks a song suitable to the occasion. His songs are risqué, naughty, lewd and vulgar. The Master of Music speaks with other Hashers and Hashes to acquire new songs to add to the Hash Hymnal. The mission is to explore new tunes and new celebrations. To boldly go where no Master of Music has gone before.

4) HASH CASH (HC)

The holder of the purse-strings. Someone needs to dash about at the start of each Hash begging for money. Someone must keep track of what comes in and what goes out. These generally unappreciated duties fall on the shoulders of the Hash Cash. This trustworthy soul must withstand the whining of the Hares who have overspent, the whimpering of those who have forgotten their rego, and the interrogations of those who mistakenly think there should be some sort of accounting for Hash funds.

5) ON-SEC ~~SEX~~ (OS)

This position is the masochist's dream. This person is responsible for run count bookkeeping, off-site treasury, ordering and receiving, filing and lots of boring stuff you don't want to hear about. In truth, this is probably the most important person in the mismanagement. The On-Sec is also responsible for the weekly publication of runs and other hash information and maintains the Hash membership data base and publishes the Hare-line directory.

6) HASH HABERDASHER (HH)

Seller and often procurer and designer of Hash gear. This hashionista is responsible for making our entire hoard look just FABULOUS!!! The haberdasher works with the GM/HM, On-Sec, Hash Cash and other members of mismanagement to brainstorm and make or order items for the haberdashery and then this peddler of wares gets to work selling our crap to anything that moves. Using words like; "This will look just fabulous on you... especially when you're hungover."

7) BEERMEISTER/BEERMEISTRESS (Also Known As The Hash Logistics)

This is unquestionably the most important position in the Hash. The Beer-meister has the weighty responsibility of making sure the lifeblood of Hashing is available at each and every Hash event. He keeps constant vigilance to find the cheapest way to have beer in the circle, may always have a cooler in the trunk of a car. This job requires a strong back, and a weak mind!

8) HARE RAISER (HR)

This is a social butterfly adept at tricking wankers into taking responsibility at the hash. This isn't an easy task. This person finds hares for each run/trail. If they do not find hares or if their hares bail, they must notify the mismanagement of their inability to do their job. It is important that every member of the mismanagement supports the Hare Raiser to find hares for each run.

9) HASH SOCIAL (HS)

This person(s) ensures that once a quarter the hash members meet socially for an event unrelated to the hash itself for the purpose of spreading the good hash word and giving opportunity for naming discoveries. This person(s) is also responsible for locating safe hash-friendly joints where the run can hold every run day. Do note that the price of beer at these joints is key. The cheaper the beer, the better the joint.

10) TRAIL MASTER (TM)

Usually an experienced hasher, the Trail Master is also able to give Hares suggestions on areas for hashes, advice on past trails, and give details about how to lay a trail to virgin hares. It is important that all Mismanagement members understand this and are able to carry out this function. They can each take turns to lay a trail each week and where there is a hare or virgin hare, the Trail Master will provide assistance.

11) HASH FLASH (HF)

The person who captures or films for posterity, all embarrassing hash moments. The Hash Flash must have an acute sense of absurd humor to know what to take photos of, and also a small degree of reliability to bring a camera, take pictures, have them developed, and put only the finest thereof onto the different social media platforms or into the sacred photo

album. They must also be sure to understand what not to post and protect a person's identity when necessary.

12) HASH WARDEN (HW)

This is the asshole that cautions other assholes! This is the chief whip of the circle. He/she is there to ensure that there is some discipline in the circle. He's got the authority of the GM/HM and RA to spray water on those disturbing the circle, should in case that is not enough, he can nominate you to the HM or RA for the icing offense. He is also the controller of the HASH-SHIT (a literal toilet seat). At the end of each run, he will nominate 3 miscreants and the circle will vote who takes the hash-shit for the week. He must ensure that the hash-shit wears his/her shit the entire time in the circle, till another hash-shit is voted for.

13) HASH TRASH/TRASHZINE (HT)

This is the skilled wordsmith who deploys lewd words to describe the activities of the hash. He/she produces the quarterly fools-letter published within a kennel. The Hash Trash/Trashzine gives details of the previous activities in the last quarter and what hashers should look out for in future runs. He/she can decide to produce the fools-letter in English, Pidgin English or even French (Mind my French)

14) HASH WHORE (HW)

Plans and coordinates group road trips to visit other Hashes or attend debaucherous and hedonistic events such as Inter Hash, Pan African Hash, Nash Hash and other runs. All members of mismanagement are responsible for being hash whores while in office, going to other area hashes, and advertising one's kennel upcoming events whenever possible so as to gain participation and communication throughout the kennels. May hashing never die and if it does, may we die first!

15) HASH MATTRESS (HM) – (A Female Hash Master)... But in this case;

These Hashers are responsible for having a list of bed spaces/hotels around SH3's running vicinity and they can help suggest or provide a place for visiting out-of-town Hashers to crash from either drunkenness, rejection by lumpy or an opportunity to get laid.
